

The 100 Year Roof

North Country Slate®

UNFADING GREEN

North Country Unfading Green is a premium quality roofing slate in a color that has withstood the test of time. One of the most popular roofing slates, it can be used alone or as one of the blended colors used on multicolored roofs. This versatile slate is often specified in random widths to provide additional accent to its beauty. North Country Unfading Green slate is produced by select Vermont quarries and meets or exceeds the requirements of ASTM as an S-1 rated roofing slate.

North Country Unfading Green is SRI Certified and California Title 24 approved for medium and high wind conditions. To request a copy of our laboratory test results, please contact us.
